

Hi

My name is Steve White, I am a Health and Safety and Event Safety professional with over 20 years working in the Sport Event Industry. My current employer is Fulham Football club where I have spent the last 23 years of my working life.

I started my career in spectator safety in March 1997 initially as a Steward later progressing to a number of roles including, Customer Service, Stand Supervisor and Chief Steward. In 2006 I went on to study and complete the Event and Spectator Safety Management Diploma with Telford Collage.

In 2010 I was asked to be the clubs Safety representative for Fulham's away legs in the Europa Cup, I traveled extensively with the team and supporters to all of the clubs away games including the final in Germany. My responsibility was to ensure the supporters arrived safely at the venues, and to ensure their safety whilst inside and outside of the grounds.

After the Europa final in 2010, I was offered a full time position at Fulham Football club, taking on the role of Deputy Safety Officer and Health and Safety manager.

Over the years I have been involved in a number of major events including the London 2012 Olympic Games as Safety officer/Advisor for the Shooting Event at the Royal Artillery Barracks and the World Cup Shooting Event at the same venue.

June 2017, I achieved one of my greatest ambitions to work at the prestigious Glastonbury Festival where I volunteered as an event supervisor managing a team of 12 stewards looking after the Field of Avalon.

June 2018 I was asked by Sutton United to act as Safety Advisor for 2 Events held at the stadium. After the events I went about installing a robust Crowd Safety Management system to comply with the wishes of the Clubs Safety Advisor Group. I continue to assist the clubs new Safety Officer.

In 2018 I offered my services and took on the role of Health and Safety Advisor for the Old Rut to install a robust Safety Management system. During this time I have put in place a very strong H&S Policy, carried out a number of Risk Assessments and Audits and I continue to create various policies and procedures with the help of a very effective and dedicated Health and Safety Committee.

Over the years I have accumulated a number of Qualifications to aid me in my chosen career path, including,

Diploma in Occupational Health and Safety

Diploma in Event Safety Management

Diploma in Event Sport Management

Nebosh NGC 2&3

Fire Risk Assessor

I have also completed a number of Counter Terrorism courses, Safeguarding, Asbestos management and a number of additional H&S courses, DSE assessor, H&S Teaching qualification. I also hold a Graduate membership to IOSH.
